Dental Insurance Policy Summary

Effective from 1 May 2009

keyfacts®

As with all insurance policies, there are some **Key Facts** we need to draw to your attention so that you can make an informed decision that best matches your needs. The following pages contain a summary of the policy terms and conditions. The full terms can be found in 'A Guide to Your Policy' which you can view online at wpa.org.uk/dental or is available on request.

A visit to the dentist can be painful enough, but with dental bills becoming more and more expensive it's little surprise that people are looking for some relief. It's easy to see why it pays to have protection for both routine and preventative dental care, with the confidence that cover is available for more serious and costly accidents and injuries.

- ✓ **Your choice of dentist**
- ✓ **Routine dental treatment**
- ✓ **Injury cover**
- ✓ **Emergency cover in the UK & abroad**

We have designed Providental to be affordable. It is not a 'comprehensive' full cover dental plan but it provides a large contribution towards many common dental costs. Providental covers you whether your treatment is provided privately or by the NHS.

There's no need to submit a dental examination when applying. However, we do require that applicants and any family member(s) have visited a UK dentist for treatment or a check-up within the last 18 months.
