Active Health

Health Insurance Policy Summary
Effective from 1st June 2010

Introducing Active Health

Active Health is designed to meet the needs of active retirees seeking to maintain their valuable private health insurance cover.

It offers extensive cover up to £150,000 per person per year, with the choice of two excesses (£3,000 and £5,000) to help ensure your premiums are not excessive.

Active Health is an intelligent way to fund your healthcare with premiums up to 80% less than traditional full cover plans¹.

A unique 'rolling excess'

The excess works on a rolling basis, per person per year – not per claim. This means that once your treatment costs exceed your excess limit within a 12 month period, WPA will cover the cost of all eligible treatment for a further 12 months. So in effect, you get a full year's 'excess holiday'.

¹ Based on a 55 year old with a £5,000 excess compared to a leading competitor's comprehensive plan with no excess – May 2010.

The purpose of the policy is to cover elective, short-term, specialist care that is provided with curative intent in the reasonable expectation that it will restore you to the same or possibly better health than you enjoyed before treatment. It is not to cover long-term management or maintenance of incurable conditions.

keyfacts[®]

As with all insurance policies, there are some Key Facts we need to draw to your attention so that you can make an informed decision that best matches your needs. The following pages contain a summary of the policy terms and conditions. The full terms can be found in 'A Guide to Your Policy' which you can view online at wpa.org.uk/activehealth or is available on request.

Your policy provides a benefit of up to £150,000 for each person per policy year
